

# Video Management Software

Multiple monitor, Enrich your life,  
Making essential link to technology

- Support Megapixel camera, IP cameras
- Multiple Monitor Display
- Digital PTZ
- Support E-Map function
- Video recording & snapshot
- Compatible with joystick
- Friendly graphic user interface
- Page sequence view
- 2 Way Audio and Audio broadcast Support

## Specifications

Display	Multiple monitors display. 64channels in 1 monitor and 144 channels in 4 monitors is the maximum . Storage space use display. Display the status of system and CPU. Images /Video rotate support. Sequence Tour Full screen display Additional direct 3D OSD Support 1/4/6/9/13/16/36/64 divided windows with full screen.
PTZ Control	PTZ Preset points Support RS485 joystick Digital PTZ
Detection	General motion Signal lost Digital signal input System alarm at disk space
Recording	Audio and video recording simultaneously Multiple storage path choose Support MPEG4, MJPEG and H.264 video format
Schedule	By time (Daily, Weekly, Annually)
Recording Mode	Continuous record, record by event, Record by motion, record by schedule and Manual record, Auto cycle
Playback	Recorded file searched by event, cameras, date, time. Support Media Player and VSC playback
Remote Monitor	Remote Live View. Support Local record. Snapshot. Control of PTZ function. Support up to 16 divided windows. Notification of event trigger. File playback.
Audio Support	G.711/G.722/G.726, 2-way Audio Broadcasting

## Minimum System Requirements

Channel (Video Setting: HD/30fps/2M Bitrate)	1 - 9Ch	9Ch ~ 16Ch	16Ch ~ 24Ch	24Ch ~ 40Ch	40Ch ~ 64Ch	
Channel (Video Setting: CIF/15fps/512K Bitrate)	1 - 12Ch	12Ch ~ 20Ch	20Ch ~ 32Ch	32Ch ~ 64Ch	64Ch ~ 144Ch (in 4 monitors)	
CPU	Level	Atom Core Dual	Intel Pentium Processor	Intel Core 2 Dual	Intel Core 2 Quad	Intel Core I 7
	Refer	Intel Atom 330 1.6G	Intel E5200 2.5G	Intel E7200 2.53G	Intel Quad Q9550 2.83G	Intel I7-920 2.66G
DRAM	1G	2G	2G	2G	3G	
VGA / Graphic Card	On Board / Intel 945GC	128MB Video Ram	256MB Video Ram	256MB Video Ram	512MB Video Ram	
Network Interface Card	10/100 Ethernet		10/100/1000 Ethernet			
OS Support	Windows XP ,Vista, 7 / Server 2003,2008					
LCD Display	XVGA (1024 x 768)					

\* System performance will be varied by hardware and software usage.
